

TD-Y3 series

55" 49" Toshiba's TD-Y3 series is a high quality 24/7 Videowall series. The displays allow the creation of extremely large screen areas, which will add to the impact and versatility of the display solution designed for your business needs. The Videowall solution is fully customisable, with advanced features such as Displayport 1.2a and HDMI daisychaining, Tiling mode (up to 10×10 displays)* and support of both landscape and portrait orientation. Available in screen sizes of 124cm (49") and 140cm (55") with light outputs of up to 700Nit. A large range of inputs, plus a built-in scheduler and real time clock backup make the Videowall models perfect for getting your message across in a convenient and impactful way.

Additionally Videowall models support Embedded Signage functionality, so please get in touch with your local sales representative to find out more about what signage solutions are available in your region.
